VOL. 60 — NO. 19

Observations...

By the Editor

We have a note from our correspondent at Lakeshore, Mrs. Malcolm B. Green, telling us of the dangerous manner in which folks drive on the Lakeshore Road. She also tells us that last Sunday a car stopped and dumped a huge pile of boxes, beer cans and paper, etc., within a few feet of the entrance to the civic center, not only leaving a filthy mess, but stopping up the drainage ditch which had recently been cleaned. Folks should know that it is dangerous to drive on any road at a high rate of speed, and that it is most dangerous to life, particularly those of children, when they drive through a village and near a school at a high rate of speed. After all, the mere fact that it is in the rural sections gives no one the right to fly. If this is something you might look into and put a stop to it. As to the dumping of trash along the roads, this practice is a down right shame. We might point out many other sections where the roadside is used as dumping grounds, why they even use many of the streets in Bay St. Louis for this purpose. Something certainly should be worked out to curtail this practice. Putting up "No Dumping" and "No Speeding" signs apparently is not the cure. We think the Sheriff can be quite helpful in these matters.

One of the worst practices an individual, holding political office, can indulge in, is to mix politics into the school system of any municipality or county. The reason the lawmakers placed the operation of the schools in the hands of trustees, was to overcome this evil. If they had felt that elected officials could have done a better job, certainly they would have placed it in their hands. The patrons elect trustees in the rural schools, and in the municipalities the trustees are appointed by the governing body, with staggered terms in the hope that complete political control cannot be had by any one particular group. Our schools are the foundations upon which the destinies of our country rest, and when we place political expediency above the welfare of our children in the operations of our school system, we are aiding and abetting in the destruction of a free and enlightened America.

The young folks are really going to have a full weekend. Bay High will have its May Festival tonight, Friday, May 4, in the gymnasium. The Junior-Senior Prom at St. Stanislaus will also be held tonight at the College Gym, and on Saturday night, May 5, the St. Joseph Academy May Festival will be held at the St. Joseph Auditorium. Yes sir, our young folks are going to have full swing in their pretty party dresses and tuxedos. Almost makes us feel we, too, would like to be young once again.

Would you order a garden hoe, rake and a shovel from a mail order house? Some folks do. We were in the Post Office the other day and saw one of the clerks deliver these items to one of the patrons of the office. We wondered how much more he had to pay for these items after the post charges were added, than the amount listed in the catalogue. And if he had calculated just a little more he would have found that the price he paid was more than he would have paid at one of the local stores. The items probably would have been of equal if not better quality. This reminds us of a story our friend, Hardin Shattuck, told us he had read: "A farmer went into town and priced a plow and was quoted a price of \$8.95; he argued with his merchant that he could buy the plow from a mail order house for \$7.95. The merchant promptly took him to task, and figured the freight charges and other necessary charges, which brought the total to \$8.90. He finally convinced the farmer he was only saving a nickel, and he agreed to reduce the price to \$8.90. The farmer paid him for the plow and the merchant picked it up and carried it into the warehouse, the farmer very promptly asked where he had put his plow. The merchant came back along with this: "If you had ordered it from the mail house I would have taken them at least three days to deliver it to you; so, suppose you come back here three days from now and get your plow." You can certainly buy as cheap at home, and you owe it to yourself and your community to exert every effort to do so. You see what you buy. You can get immediate delivery and when you figure the added charges the prices are not much different, if any.

Peter P. Chiniche Is Candidate For Supervisor, Beat 5

We are authorized to announce the candidacy of Peter P. Chiniche for Supervisor, Beat 5 subject to the action of the Democratic Primary Election to be held August 7, 1951.

To the Citizens and Qualified Voters of Beat 5, Hancock County

I take this means of submitting to you my candidacy for the office of Board of Supervisors, Beat 5, Hancock County.

I first want to thank my many friends who saw fit, four years ago, to render their votes which brought me into third place in the Supervisor's race with a margin of about seventeen votes of being in the Second Primary Election.

If elected to this office, my intentions are to reduce all Personal tax on automobiles and trucks; and I will do everything in my power to regulate all real estate assessments.

I promise that I will work in harmony with other officials of our county, the officials of the City of Bay St. Louis, our neighboring town of Waveland, and our civic organizations for the benefit of our communities. I will also give considerable cooperation to our county Agricultural Agent for the benefit of farmers in our district.

I am in favor of getting industry in our midst which would mean prosperity to our county. A sand beach for our citizens and visitors which is of great importance to our community. I will assure you that our roads and drainage system will be improved, and I will do everything in my power to hard surface most of our public roads. As to road experience, I was employed from 1932 through 1935 by the State Highway Department. We were engaged in maintaining and constructing roads in various sections of the State.

I want the people of Beat 5 to bear in mind that I remain free from any organized politics. If elected to this office, I will do my best to carry out the above mentioned statements. I sincerely solicit the vote and influence of the people of Beat 5, and will attempt to contact personally all the people of this beat.

In the event that I am unable to contact you, please consider this as my personal request for your vote.

Do not forget on August 7 to think of the future and not forget the past.

I respectfully solicit the support and influence of the voters of Beat 5.

Respectfully yours,

PETER P. CHINICHE

Hospital Day Set For May 12

The Kings Daughters Hospital will celebrate the annual Hospital Day Saturday, May 12, from 3 to 5.

Since the hospital has taken as its project the purchasing of an Electric Cardiograph machine, cash donations are asked for on Hospital Day.

If you are interested in the hospital, be there on May 12 or send your donation. In helping the hospital you are helping humanity.

An interesting story found in J. C. Furnas' book, "Anatomy of Paradise," a book written about Hawaii and the Islands of the South Seas reveals an enlightening missive concerning Pago-Pago in American Samoa.

A magazine publisher stood at the rail of the "Maripasa" 12 years ago, eyeing the village which is Pago-Pago; and sighed, "Ah, if only Willie Maugham were here!" In a manner of speaking "Willie" Maugham (W. Somerset Maugham) was there.

Pago-Pago boasted of only one hotel—a two-story building which had been damaged by a storm. It was called the "Saddie Thompson hotel." The misspelled version of the woman's name, was a native error.

STILL REMAINS

In May, 1947, it is reported, the building and the sign still remained. The story goes that the management once changed the name of the hotel to "Samoa House," because a visiting missionary objected to publicity displaying the name of such a woman as Sadie Thompson. This seems a little ridiculous when it is considered that Miss Thompson was purely fictional.

The landlady had been warned by one of the officers in the Navy, stationed on the island, that if hotels were like ships it would be unwise to change the name. But, missionary superstition prevailed with the aforementioned result. The roof was blown off, and one wall was battered in by a hurricane.

The name of the hotel was hastily changed to its original one of "Sadie Thompson."

"RAIN" STARTS HERE

"Rain" which was adopted from the story, "Miss Thompson," will be produced in the Little Theatre May 10, 11 and 12. It is an epic; and the splendid acting which it will offer, will be worthy in itself.

Mrs. R. H. Stieffel and Phillip Allison have the lead. It is expected that these two Oscar winners will scale even greater heights in the field of amateur acting.

Mrs. Karl Craft, another Oscar winner, is doing a splendid job as the minister's wife, Mrs. Frank Kiefer, director, announced. Mrs. Craft can always be counted on to give an artistic performance.

A musical prologue will open the play with Kenneth Thompson, Sr., Mrs. Thompson and Mrs. John Hushard vocalizing native songs. Miss Mary Lynn Raymond and Joe and Anthony Scadville will lend atmosphere as natives, while Mrs. J. H. Wegman, who has been seen in the Little Theatre plays in the past, will give her interpretation of the South Sea Island dance.

The general interest in "Rain" is running high, the director added, and a peak attendance is expected.

Certain time will be at 8:15 p.m. and everyone is asked to be there promptly for the opening act.

Edward A. Fayard To Run For J. P.

We are authorized to announce the candidacy of Edward A. Fayard for Justice of the Peace, Beat Five Hancock County, subject to the action of the Democratic Primary Election to be held August 7, 1951.

To the Qualified Voters of Beat Five, Hancock County.

I am for the first time, seeking to be elected to a public office. I am submitting myself to the voters of Beat Five as a candidate for Justice of the Peace.

I am a native of Bay St. Louis, Mississippi; I was born and reared here, where I attended Saint Stanislaus Day School, better known as Rip's University. I served in World War I, and have had many years experience in serving the public.

I therefore submit myself to the voters of Beat Five for their kind consideration. Respectfully submitted,

EDWARD A. FAYARD

O. B. (Red) Loper To Run For Hiway Commission Office

We are authorized to announce the candidacy of O. B. "Red" Loper for the office of Highway Commissioner of the Southern District of the State of Mississippi, subject to the action of the Democratic Primary Election to be held August 7, 1951.

I take this method of announcing my candidacy for the office of Highway Commissioner of the Southern District of the State of Mississippi, subject to the will of the people, to be expressed by their votes in the Democratic Primary which will be held on the 7th day of August, 1951.

I was born and reared in Perry County, Mississippi, and now live in Hattiesburg, Forrest County, Mississippi, which was originally part of Perry County.

Julia O. (Jo) Sigrest of Scott County, (Jo) Sigrest of Scott County.

I received my education in the public schools of Perry County, have a B. S. Degree from Mississippi Southern College in Hattiesburg, where I was manager of the campus store and president of the student body and have done graduate work at the University of Mississippi. I have taught several years in the public schools of the State of Mississippi.

For the past 13 years, I have been engaged in business for myself, and in all humility can say that I have been reasonably successful for a country boy.

Mississippi has many millions of dollars invested in the primary and secondary highways, and if it is to continue to progress and maintain its position among the other states of our nation, these, and future investments, must be protected and preserved by the guiding hand of one who is qualified and capable.

I am qualified by training, experience, and temperament to supervise the expenditure of the tax-payers money to the end that the State of Mississippi will receive a dollar's value for every dollar spent.

Our greatest need today is farm-to-market roads and I pledge that I will work with the Boards of Supervisors of the respective counties of our district to the end that we will develop a great network of rural roads second to none.

When elected, I will devote my time, talent, and energy to this office and will always be available to the people of the District. I will be YOUR Commissioner. I expect to make a vigorous and energetic campaign and will have more to say from time to time.

Your vote and influence will be greatly appreciated.

O. B. "RED" LOPER.

Softball League To Start Tuesday

The Pere Le Due Council of Knights of Columbus is sponsoring a softball league in Bay St. Louis.

The grand opening will be held Tuesday night in Morreale's Park at 7:45 o'clock.

The five teams that are starting in the league are Knights of Columbus, Gilmore's, Waveland, Bankston's of Clermont Harbor and the Youth Center.

According to a recent announcement, the Mississippi Highway Commission voted to award contracts and sell \$8,400,000 in revenue bonds in the next two months for construction of a four-lane concrete and steel toll bridge over the Bay of St. Louis.

June 8 was the date set by the Commission for the public sale of the bonds to build the bridge which will replace the present worn-out structure. Bids for steel will be received May 15, and bids for general construction of the span will be taken June 5.

All passenger cars, regardless of the number of occupants, will be charged a toll of 25 cents as called for in the bond sale plan. A graduated rate for commercial vehicles, with a top of 75 cents, is provided.

The state bond commission will sell bonds for the project at a rate not to exceed four per cent, but Highway Commission officials believe the bonds can be sold for about three percent.

TO ADMINISTER FINANCES Payment of the bonds is expected in 20 years from the revenues provided by the toll on this vital link on US Highway 90. The Hancock Bank, trustee of the bridge project, will administer the finances of the bridge, and by recommendation to the commission can alter tolls at any time that it is necessary.

During the 1950 session of the Mississippi Legislature, construction of a new span to replace the present one that has been badly damaged by fire several times and by the hurricane of 1947, was authorized.

According to Chairman Sidney Roebuck of the Highway Commission the steps approved by the commission Thursday were to speed along the project so that construction on the bridge spanning the bay between Bay St. Louis and Henderson Point, could be started this summer. This would also circumvent a legislative ban regarding the award of rapid contracts by the Commission during the last six months of its term.

BRIDGE LOCATION The Commission announced that the bridge would be located approximately 2000 feet north of the present structure, but the office of the District Engineers in Mobile, this week, mailed notices application had been made with his office for approval of revised plans for the construction of a bridge across the Bay of St. Louis between Henderson Point and Bay St. Louis on U. S. Highway 90.

In this notice, O. L. Adams, Chief, Operations Division, stated that the work would include construction of a concrete pile and deck double leaf bascule bridge providing a horizontal clearance of 100 feet and a vertical clearance of 17 feet above mean tide when closed. The drawspan, according to the plans, will be located approximately 1,000 feet west of the drawspan of the present bridge.

All protests to be made against the operations from the standpoint of navigation must be received at the office of the Engineer no later than May 11, 1951; otherwise, it will be considered that there is no objection.

MADE INTO FOUR-LANE On the Bay St. Louis side of the bridge, Highway 90 will be made into a four-lane highway through the city until it joins the present highway at the western side of the town.

On the Henderson Point side of the bridge, the highway will be made into a four-lane at the railroad overpass.

The three commissioners, Roebuck, John D. Smith and Roy Adams, asserted that the northern location was insisted upon by engineering authorities and would be a saving of \$600,000 over the present location.

TOP PRIORITY Roebuck, who just returned from Washington with T. C. Robbins, director of the State highway department, said they were told that the bridge would have sufficient priority to command necessary materials because of its military and strategic importance.

The \$8,400,000 in bonds for the bridge, construction, along with all necessary approaches and adjoining construction, is the estimate of consulting engineers employed by the Highway Commission to provide expert information on the project, the firm, Hazlett and Erdal, Louisville, Kentucky, also designed the bridge.

Garden Club to Meet The Bay-Waveland Garden Club will hold its regular meeting in conjunction with the annual Spring Hat Show Thursday, May 10, at the Yacht Club.

The hat show will be divided into three groups, composed of large hats, small hats and funny hats. They will be judged by out-of-town jurors. Prizes will be awarded for each division.

Prior to the meeting, a luncheon for members and their guests will be held.

All members are urged to attend.

Rev. Lacy Green To Celebrate First Mass On Sunday

The Reverend Lacy August Green, who will be ordained Saturday, May 5, at 9:00 a.m. at the Church of Our Lady of the Gulf, will celebrate his first Solemn Mass Sunday, May 6, 1951, at 11:00 a.m.

MINISTERS AT MASS The Ministers at the Mass will be the Reverend Lacy A. Green, celebrant; The Rt. Reverend Monsignor A. J. Gmelch, Assistant Priest; The Reverend Josiah G. Chatham, J. C. D., of Jackson, Mississippi, will preach the sermon; The Reverend William Greene will serve as Deacon; The Reverend Robert Guste, Subdeacon; Mr. Thomas Foley, Master of Ceremonies; Mr. Nicholas Filippich, Thurifer; Mr. Richard Queen, First Acolyte; and Mr. Thaddeus Harkins, Second Acolyte.

The choir of St. Augustine's Seminary of Bay St. Louis, under the direction of Reverend Father H. Posjena, S. V. D., will render the music at the Solemn Mass.

There were 102 graduates which numbers the largest class to be graduated from the seminary; there were only five taking the degree of Doctor of Theology.

Dr. Robert Lett Lee, pastor First Baptist Church, was among the five who received Doctor of Theology degrees at the Baptist Theological Seminary commencement May 2, 1951.

Dr. Lee, who has been pastor of the Bay Church since March 1, 1950, wrote his thesis while serving as pastor.

Those taking their degree with Dr. Lee were Dr. Wayne D. Bryan, Dr. Robert Shaver Crawford, pastor at Santa Rosa Church, Dr. Kelva Moore and Dr. Mack P. Stewart.

The graduating exercises were held Wednesday in the First Baptist church, New Orleans, at 8 P. M.

Dr. Walter Pope Binns delivered the Baccalaureate address, and awards were given by the

THE RUN AROUND

The contract for the building of the "Colossal Monument to political indifference" over the Bay of St. Louis, which will connect Hancock and Harrison Counties, as a replacement of the old dilapidated structure now serving the travelling public, has been advertised to be let June 5, 1951. The State Highway Department finally made a definite move which, of course, did not meet with the approval of the majority of the people of Bay St. Louis. Many of the folks here feel they were given the old run around by the Commissioner from the Southern District, John Smith, when the location of the bridge was changed.

Mr. Smith voted for the bridge to be placed in the present location when the issue was taken up by the Commission, but we wonder how many people in Hancock County are convinced he was sincere in his efforts in this behalf. We wonder, too, if Mr. Smith dictates to the other commissioners where they are to locate projects in their district.

We are still wondering just where the final location of the bridge will be. The Commission states that it is to be built 2000 feet north of the present location, and the notice from the United States Engineers office at Mobile for permission to construct the draw span, states that it will be located approximately 1000 feet west of the draw span of the present bridge. Will the Bay St. Louis end of the bridge be 2000 feet north of its present location, and the Henderson Point end less than 1000 feet, or will the bridge be built parallel to the present bridge? If it is built parallel to the present bridge, the Bay St. Louis end would be near the property of Mrs. M. W. Briggs. Wherever it is built, Brother Smith is in for some political difficulties.

In the election four years ago, he failed to carry Hancock County; and if we are any observer of political trends, the siddling of a toll bridge on us and the change of location will bring much more political sadness to Mr. Smith than he anticipated in Hancock County.

Perhaps Mr. Smith does not need Hancock County's votes to be elected; and apparently he has felt that he did not need the Coast votes at all, for we have certainly been the forgotten people of the Southern Highway Commission District. Of millions of dollars spent by the Commission in the State of Mississippi, few have reached this section. It is about time for the 5000 voters of this county to assume a militant attitude and cast their ballots for a candidate who will not forget we are still a part of the State of Mississippi.

Receives Rating on Comic Books

The Central School P.-T. A. has received a shipment of the pamphlet, "An Evaluated List of Comic Books," which were ordered for distribution to the parents of all children attending Bay High.

The students are addressing the envelopes, and the pamphlets will be mailed out this week.

Ninety trained reviewers reviewed and evaluated 363 Comic Book publications available. The books are placed in four categories of No Objection, Some Objection, Objectionable and Very Objectionable.

Criteria for evaluating the Comic Books were: I Cultural Area; II Moral Area; III Morbid Emotionality.

Bay Home Demonstration Club Meets On Friday

The Bay St. Louis Home Demonstration Council met last Friday in the club room of "Kraft's Anchorage Inn" in Waveland.

The following members were present: Mesdames W. Yates, Karl Craft, T. P. Clapp, Gerald Truckner, Anita Hayes, Fred Koening, H. E. Gibbs, Hirth and Miss Madge Allreco.

Each member was questioned in reference to her "Better Homes" achievement in decorations and improvements. It was suggested that they acquaint the local residents with the need for home care of children temporarily deprived of it.

The subjects of new members drive and a tea for securing additional operating funds were discussed by those present.

Mrs. Anita Hayes of Waveland will be hostess at the next meeting to be held May 25 at 1:30 p. m. at the Anchorage Inn.

Traffic accidents since 1900 have killed almost twice as many Americans as have been killed in action or died of wounds in all the nation's wars, the National Safety Council says.

CORRECTION

In publication of March Minutes of Board of Supervisors in our issue of April 27, an error was made in allowances, out of Road and Bridge Maintenance Fund No. 3.

The published copy showed "Vollis Ladner, 20 days Patrol Operator, \$140.00."

This allowance should have read Hall Seals instead of Vollis Ladner. The allowance to Vollis Ladner was for 80 hours—a total of \$32.00.

(Signed) The Editor.

VETS MAKE PASTURE TOUR

A pasture tour, covering the farms of Carl Goss and Theo Bilbo, of Caesar, and those of Oswald Moran and Retus Moran, catatoula, was conducted by the veterans on-farm training class of Kilm Vocational School, May 1. Arthur Necaise and K. A. Neeley, instructors, led the veterans, accompanied by Aubrey Penton, supervisor, and a number of adult farmers.

Carl Goss said that the average farmer can get a great deal more out of his land and cattle if he improves his pastures by planting White Dutch Clover or Crimson Clover, properly fertilized. Cows grazed in such pastures produce twice as much milk as they did before, while the cost of planting and maintaining the land is little compared to what the cost of feed would be to get the same increase in milk production, he added. Holstein cows, once considered a bad bet in this part of the county, have been successfully handled on Mr. Goss' farm since the improved pastures were put in.

Oswald and Retus Moran also said that improving pastures has helped them double their milk production at a small over-all investment compared to the increased returns in the form of money.

The tour, which lasted from 1:00 to 3:00, was made by veterans Ollie Cuevas, Elvest Necaise, Elvis Necaise, Vines Moran, Anness Ladner, Vernon Cuevas, Dillard Ladner, Agnell Ladner, Charles Head, Eddress Malley, Vertis Ladner, Webster Gordon, Sorice Smith, David Baker, Joseph Compretto, Norman Compretto, Rufus Cuevas, Tamas Cuevas, Karl Fricke, Carl Goss, Eric Larsen, Edco Lee, Isham Lee, Forest Lee, J. T. K. Lee, Marvin Lee, Robert Lee, Lawrence Lind, Horace Martin, Rufus Moran, Eugene Moran, Retus Moran, Theo Stockstill, adult farmers—Bill Ladner, T. Necaise, Elmer Necaise, Forest Goss, Oswald Moran and G. E. Guidroz.

LOGTOWN NEWS

By Jay Metz

The Logtown School closed for the summer Friday, April 20. Graduation exercises were held Thursday evening in the school, with an overflow crowd in attendance. The program included:

Salutatory, Charles Moran; Class President's Welcome, Estelle Davis; Valedictory, Donald Brand; and Reading of Class Will, Dessie Ann Hoover.

Following the reading of the class will, the diplomas were presented to the graduating class by E. G. Harrell, school principal.

Those in the graduating class were Estelle Davis, Dessie Ann Hoover, Donald Brand, Charles Moran, Leroy Blackman, George McArthur, John Dorr and Harold Wilkinson.

At the conclusion of the graduation exercises, a series of short humorous skits were presented by the under-classes. Titles of the skits were: "Getting Even With Sister's Beau," "Dolly Has the Girl," "I'm Glad I'm Not a Girl," "Brave Boys," "When We Are Grown Up," "A Little Girl's Speech," "The Crowning of June," "The Census Taker," and "Rain-bow's End."

All the little plays were well acted, and showed that much hard work, by both teachers and players, had gone into the preparation of the evening's entertainment.

On Thursday evening the graduating class, assisted by members of the Seventh grade, presented a three act comedy entitled "Leave It To Grandma." Members of the cast and the parts they played were: Leroy Blackman as Victor Hayes, a young businessman; Dessie Ann Hoover as Martha Hayes, Victor's sister; Ruth Bennett as Grandma; Estelle Davis as Carol Hayes, Victor's wife; Don Brand as Herman Knox, a rich old bachelor; Charles Moran as Larry Tucker, young newspaper man; Helen Dawsey as Dolly, the Hayes' hired girl; Larry Landrum as Abe Swift, a gardener; Ella Rae Ruffin as Nancy Foster, young society matron; Harold

Wilkinson as Steve Dawson, advertising man; and Gloria McArthur as Beverly O'Day, Grandma's young friend.

The Logtown Home Demonstration Club held its regular monthly meeting recently at the home of Mrs. Lamar Otis, with Mrs. I. F. Bennett presiding. Miss Madge Allred, County Home Demonstration Agent, gave a report on the recent District Council meeting which was held in Hattiesburg. Following this, Miss Allred gave a most interesting discussion on the subject of "Recent Nutrition Research Conservation of Nutrients."

At the conclusion of the program a pleasant refreshment period was enjoyed by all, with sandwiches, cake, tea, and coffee being served. Those in attendance included Mrs. Roy Baxter, Mrs. I. F. Bennett, Mrs. Ed DeBoer, Mrs. E. G. Harrell, Mrs. Joe Howze, Mrs. Charles Matheer, Mrs. Lamar Otis, and Miss Allred.

Mr. and Mrs. Roy Baxter report that they have received word from their son, Bobby, who has been accepted by the Air Corps and is now stationed at Sheppard Air Force Base, Wichita Falls, Texas. For those who wish to communicate with Bobby, he may be reached by addressing mail to Private Robert Henry Baxter at the above mentioned Base.

Recent weekend visitors at the home of Mr. and Mrs. Howze

The recent severe lightning and rain storm did considerable damage to lines of communication in this area. Many REA poles were

shattered by the lightning, and many of the telephone lines were blown down.

Mr. and Mrs. Ralph Howze and Mr. and Mrs. Christian Howze, of Jackson, while in this vicinity, they also visited with relatives in New Orleans.

The Logtown School Trustees met at the school last Wednesday night with Superintendent of Education, Mr. E. E. Brand, to discuss additional plans and preparations on the erection of a school lunchroom building and the conversion of the present lunchroom into a class room for the coming year.

URGE HIGHER YIELDS PER ACRE

The suggestion to Mississippi farmers now is higher yields per acre for feed crops, according to T. M. Patterson, secretary of the State Agricultural Mobilization Committee. Mr. Patterson stated, "The Agricultural Committee of Mississippi has been asked by higher authorities to urge every farmer who can, to increase his yield per acre, particularly corn. It is our patriotic duty as citizens of our great country. Feed grain production is the key to our national agricultural defense effort. Present high levels of livestock and poultry production cannot be maintained unless a larger supply of grain and other feed crops are produced in 1951. The success of our agricultural mobilization effort—high production in 1951—will be determined in great measure by our success in getting increased production of feed."

"The average yield per acre for corn in Mississippi from 1939 to 1948," Mr. Patterson continued, "was 16.9 bushels per acre. The average yield per acre for corn in Mississippi in 1950 was 28.5 bushels per acre. Farmers in Mississippi are more and more becoming aware of good conservation practices to increase yields per acre. In areas where agricultural conservation practices have been applied to the land for several years, the land is productive and yields per acre are higher. With proper treatment of the land and continued conservation practices to build up the productive capacity of the soil our corn yields per acre will continue to grow and the farm land will become more capable with each passing year."

"It has been proved," he added, "that in areas where good conservation practices have been applied farmers can produce more than 100 bushels of corn per acre with proper farming methods and favorable weather. The farmers who get the higher yields per acre are the ones who make the most profit. It takes just as much time to plant and cultivate a good crop as it does a poor one. Total expenses run about as high for a low yield crop as a high yielding one. When a farmer has a poor crop he has little or nothing left after he has paid his expenses," Mr. Patterson stated.

"If your yield of corn is down around the average or below for your area, then it is time to investigate methods of agricultural conservation to increase the productive capacity of your soil in the years ahead. With proper agricultural conservation practices, application of the needed plant foods and use of hybrid seed corn, the farmer will not only get higher yields per acre, but will produce corn at a lower cost per bushel," Mr. Patterson stated.

"That makes a happy combination; increasing production for defense and making money at it too. I have confidence in farm people of Mississippi and I know that they will do their part to aid in the defense effort of our nation; they always have and will continue," he concluded.

Lela Faye Ladner Celebrate Birthday

Lela Faye Ladner, daughter of Mr. and Mrs. Curtis Ladner of this city, had a party on the occasion of her fourth birthday Friday, April 27, at the home of her parents at 133 State street.

O E S Observes 35th Birthday

Thursday, April 26, marked the 35th birthday of the Bay Chapter No. 128, Order Eastern Star, and it was observed with a party at the Youth Center that evening. Mrs. J. D. Vaughn, chapter secretary, presided.

The meeting opened with the singing of the Lord's Prayer by Vernon Parker, accompanied at the piano by Temple Perkins. Mrs. Vaughn then asked the worthy mation, Miss Augusta Deltrich to stand; and the members of the local chapter formed a circle around her. Mrs. Nora Bosarge presented her a large bouquet of red roses from the chapter in recognition of her splendid work.

Rev. J. P. Bonnetcarre sang, "Others," accompanied at the piano by Miss Levia Engman.

Letters were read from Mrs. Mary L. Skokie, first worthy mation of the chapter, and Mrs. Josie Rankin, both of Gulfport, stating their reason for not attending the party.

It so happened that it was also the birthday of Miss Levia Engman, and she was presented a corsage.

At the close of the program, a party plate was served; and Mrs. J. A. Evans cut the birthday cake which was served with an ice course.

Visitors were Mrs. J. P. Bonnetcarre, Mystic Star 108; Mrs. F. O. McCoy, Dorcas Chapter 157; Conway Springs, Kansas; Wilhelmina L. Sgt. W. Bontemps Returns To Front

With the 7th Infantry Division in Korea—Sergeant Wallace J. Bontemps, 22, husband of Mrs. Rose Bontemps, Subisco, Arkansas, recently returned from rest and relaxation leave in Japan. These leaves are working on an established schedule within the division. Sergeant Bontemps is a squad leader with the 17th Infantry Regiment (The Buffaloes).

Bontemps' unit was the only American regiment to reach the Manchurian Border. Recently the "Buffaloes" crashed through enemy defenses and captured Mt. Taemi, an important Red stronghold, with a vicious bayonet assault.

Sergeant Bontemps entered the services 30 months ago from New Orleans. He wears the Bronze Star Medal, Combat Infantryman Badge, and the Korean Campaign ribbon.

LAKESHORE

MRS. MALCOLM B. GREEN

Wednesday afternoon, April 18, the Lakeshore Garden Club held its monthly meeting in the home of Mrs. George Montgomery. Mrs. Montgomery, who had the rooms of her home decorated with spring flowers, gave an interesting talk on the spraying of azaleas, camellias and roses. This was followed by a general discussion among the members present, on the culture of lilies and thymus. Among the members present other than the hostess were Mesdames C. E. Becker, Horace Russ, William Spence, Mae Courtege and Ruth Miller.

Mrs. Rufus W. La Fontaine has received word from overseas that her son, S. S. Clinton Luther, II, is seriously ill, and in a hospital in England. Mrs. La Fontaine requests the prayers of all her son's friends in this critical time.

Mr. L. Villimel has as her guest over the weekend, her son and daughter-in-law, Mr. and Mrs. L. V. Strickland, and sons, Paul, Eddie and Eugene; also Mr. and Mrs. Floyd Cochran of New Orleans. Sunday afternoon the entire group enjoyed a boat ride from Borgards Camp.

Last Sunday Mr. and Mrs. Lambert Borgards entertained a group of friends with a Canasta party in their Lakeshore home on "The Hill." The guest list included: Mr. and Mrs. William Borgards, Mr. and Mrs. Lionel Borgards, Mr. and Mrs. R. J. Leiner, Mr. and Mrs. O. V. Young and little Philomene Sullivan who was their weekend guest.

Mr. and Mrs. Jordan and family of New Orleans were over for the weekend.

Friday Mrs. Malcolm B. Green and little Irene, Louise and Malcolm, Jr. were guests of Mr. and Mrs. Frank Nuccio and Mrs. Viola Fischer of New Orleans, in the Nuccio's recently completed home on Leopold avenue, Bay St. Louis.

Mr. and Mrs. Ernest Nolan of Pensacola have returned to their home after a trip to New Orleans and a visit to Mr. and Mrs. C. E. Becker of Lakeshore.

Mr. and Mrs. Lester La France and their children of Bay St. Louis were visitors in Lakeshore Sunday afternoon.

Wednesday night, fire of an undetermined origin, completely destroyed the Broder house on Mr. and Mrs. John Hourbeight's "Myrtle Grove Farm." One hundred and forty white leghorn pullets were destroyed, despite the efforts of Mr. and Mrs. Hourbeight, who tried to extinguish the flames.

Mr. and Mrs. F. di Trapni and family of New Orleans were over this weekend.

Mr. and Mrs. Alfred Stoufflet have returned to their home on Baldwin Plantation, after being away for some time.

David Stoufflet visited his

grandparents, Mr. and Mrs. Alfred Stoufflet, Saturday.

Arvine Garcia and his family were the house guests of his mother, Mrs. Viola Garcia.

Floyd Clinton and L. V. Strickland of New Orleans visited Mr. and Mrs. Malcolm Green Sunday.

L. Villimel arrived home from Cuba, Wednesday. On Thursday he and Mrs. Villimel and their grandson, Irven, were guests of Mr. and Mrs. F. Nuccio in Bay St. Louis.

It is reported that Bobby Lader is improving; he was returned to the Memorial Hospital in Gulfport last week for further tests. Bobby was brought back to his home in Ansley last Saturday.

Mr. and Mrs. James Bosarge, are making their home with Mr. and Mrs. Jeff Bosarge.

Mr. and Mrs. Monroe Garcia are employed at Sportsmen's Lake resort in Lakeshore.

Mr. and Mrs. Archie Courtege and their daughters, Merna Joy and Patricia Ann, are the house guests of Mr. Courtege's aunt, Mrs. Mae Courtege.

Variety Show Is Success

The Variety Show of 1951, as presented by the students of St. Stanislaus and St. Joseph Academy last Thursday night, April 19, at St. Joseph gym, was a wonderful success.

Before a packed house, the amateur actors displayed talents, and from the sound of the applause and the enthusiasm of the audience they did more than well in their respective parts.

The Variety Show was based on the old time movie and vaudeville days of the early part of this present century. Thus, after the playing of the Star Spangled Banner, two short features, reminiscent of the Gay Nineties days, were given. These were followed by eight main acts of vaudeville, covering the scale of singing, dancing, comedy, mystery, drama and magic.

Some of the outstanding features were the singing of Scotty Assenheimer; the Irish jig portrayed by Pat McCurran, Stan. Rosenblath, Fritz Jahnecke, Jean Turpin, Ruth Thibodeaux and Mary Rose La Bruzza; the magic tricks, presented by the guest of the evening, Magician Peter Klempner of Baton Rouge; and the Tap Dancing of the Misses Dottee Loup, Patsy Favre and Gay Rhodes.

A special vote of thanks by the students is given to Mrs. Nelius Rhodes who devoted her afternoon to the training of the dancers; to Mrs. Marie Weber Borgards and Emile Carriere who

accompanied at the piano; to Lucien Raymond who did a good deal of contact work to get things for the show; and to the good Sisters of St. Joseph, especially Sisters Raphael, Frances Xavier, Dorothy and Elise for their generous cooperation and assistance. Without their help the show would not have been the success it was.

COUNTY AGENT'S NOTES

By HOWARD SIMMONS

Dock and other weeds may be controlled safely and economically with 2, 4-D if used in the right proportion and at the proper time.

For Dock use 2, 4-D as a spray in the fall and in the early spring before stalk formation. Sunny weather is the best time for application.

Use the amine form of 2, 4-D at the rate of one pound of active material to the acre. One pound active material dissolved in 20 gallons of water will easily cover one acre. One application will give 65 to 75 percent control. Due to the large number of seed, in the soil, more than one year is required to get rid of dock.

Application of the amine form at one pound to the acre causes little damage to established stands of white clover but severely damages crimson and red clover. Young clover and grass seedlings are heavily damaged by the use of 2, 4-D for dock control.

It is safe to graze pastures sprayed with 2, 4-D. Follow safety precautions recommended by the manufacturer.

Broadleaf pasture weeds can be controlled by using one pound of the amine form to the acre the first part of May followed by another application the first of July. However, it is recommended that 2, 4-D not be used during a drought as pasture plants may not recover completely unless the roots have plenty of moisture.

Control Wild Onions with mal. Use one or two gallons of the 30 percent formulation of this material in 20 gallons of water to the acre.

This material, used at the recommended rate has given as high as 98 percent control of wild onions. Be sure to follow instructions on the manufacturer's label.

APRIL PASTURE PRACTICES

Graze clover and spring grasses heavily to get the most out of them. Use electric fences to divide fields. Mow clover fields where weeds are taking over. On heavily grazed areas, scatter manure droppings with a harrow or side delivery rake.

Plant millet 30 to 45 days before it is needed. Get the most from your summer grazing crops by following the entomologist's recommendations for control of insects and parasites.

FEEDER PIGS

Producers who buy feeder pigs

should buy only healthy pigs of good quality and not take chances on unthrifty pigs that are highly susceptible to disease.

Isolate bought animals for about 10 days into groups of not more than 100 pigs. Vaccinating and treatment for internal parasites should be 10 days apart. Ploew areas where isolated pigs are handled frequently.

Thrip Control

Plan now to control thrips and cutworms on seedling cotton. Poison when the two seed leaves unfold. Make one to three applications at weekly intervals.

For poisons to use and rates of applications see Extension Publication 171, "Poisoning Pays Profits."

Have Rehearsal Party

Mr. and Mrs. J. R. Shadoin were hosts at a rehearsal party of the Johnson-Ostrander wedding on the Monday evening preceding the wedding.

The table from which the buffet dinner was served was covered with a lace cloth and the centerpiece was of white stock, snap dragons and daisies; completing this were white lighted tapers in silver candle holders. White daisies were used throughout the reception rooms.

Besides Reverend Johnson and Miss Ostrander, the guests were the bride's sisters, Lt.-Col. Marjorie O. Hunt, Hampton, Virginia; and Mrs. William Schenk of West Newton, Massachusetts; Mrs. George A. Brougham, Needham, Massachusetts, the bridegroom's mother, Mrs. M. E. E. Johnson; Mr. and Mrs. John Sprague, New Orleans; Mr. and Mrs. Robert F. Ostrander, Boston, Massachusetts; Bishop Duncan M. Gray and John Saunders, of Jackson, Mississippi; Mr. and Mrs. Lloyd Griffiths, Bay St. Louis; Mr. and Mrs. N. L. Carter, of Bay St. Louis and Harold B. Weston, Bay St. Louis.

Install J. N. Haas Vice President of Frat

State College, Miss.—John P. Starr of Gulfport was installed as president of the Mississippi State College chapter of Theta Kappa Phi, social fraternity, at the annual installation banquet in Columbus May 1. He succeeds Thomas A. Keefe of Vicksburg.

James N. Haas of Bay St. Louis was installed as vice president, to succeed David J. Brumleve of Louisville, Kentucky.

Rotarians Hear History Of Bay

O. W. Delph, in charge of the program at the regular luncheon of the Bay St. Louis Rotary Club Wednesday, gave the Rotarians a brief history of the organization of the local club and a brief bit of history of early Bay St. Louis from the time it was an Indian village to the present.

As his basis, he used the historical data gathered by the late Bishop Leo Fahey and published in the fiftieth edition of the Sea Coast Echo. The Rotarians enjoyed the early history of this city, especially the younger men who do not recall some of the happenings of earlier days.

Presbyterians Meet

The Presbyterian Circle of the Women of the Church of Bay St. Louis held its twelfth meeting at the home of Mrs. Andrea Koeniger, Tuesday, April 17th, 1951.

Miss Madge Allred gave the opening prayer and the Bible Study, "You Cannot break the Commandments."

The monthly Emphasis, "Christian Stewardship" was given by Miss Barbara A. Sick.

Refreshments were served following the meeting by the hostess.

The next meeting will be held at the home of Mrs. Mary L. Jochik, 206 Union street, at 7:45 p. m., Tuesday, May 1, 1951.

The millionth traffic death probably will occur in December, the National Safety Council estimates. Don't YOU be one in a million.

A PROMISE OF TOMORROW

Stretching from Coast to Coast and spreading throughout the forested states is a new movement that promises America trees for tomorrow. It is called the "tree farm" program. Its membership is open to all who own forest land or land where trees may be grown. Its members are pledged to grow trees according to good forest management.

The forest industries of America, believing that through a knowledge of forest management our nation may always enjoy the blessings of adequate forests, endorse and support "tree farming." They realize that, through the practice of good forestry, we may make full use of our timber resources today while providing new crops of trees for tomorrow.

While industry itself owns a relatively small part of American forest lands, it has adopted the major objective of helping bring all our woodlands into full production, to serve you, and your children's children, and their children—forever.

LEETOWN NEWS

By DOC THIGPEN

The Leetown school held commencement exercises Friday, April 20.

A large crowd attended the program given Thursday night; the students presented several short plays. The eighth grade presented, "Will Ginger," a three act play.

Friday evening a large crowd enjoyed the picnic style dinner served outdoors at the school. Following the social hour, the commencement exercises were held with 12 graduates receiving diplomas.

The stage was decorated with blue and yellow crepe paper, red lilies and white roses.

Ray M. Stewart, Picayune attorney, was guest speaker. Other speakers were County Superintendent of Education E. E. Brennan and School Trustees Coleman Bilbo and Bob Lee.

Mr. and Mrs. Culbert Lee, Mrs. Edward Thrash, Larry Lee and Joe Thrash left for Texas Thursday where Mrs. Thrash will join her husband, Sgt. Edward Thrash who is stationed there.

Mrs. Thrash, Billie Lee, Culbert Lee, Cullen Lee and Doc Thigpen were business visitors in Bay St. Louis Saturday.

ENLIST IN USAF

Grady Andrew Parker, son of Mr. and Mrs. G. V. Parker of 500 Hancock Street, Bay St. Louis, has reported to Lackland Air Force Base, the "Gateway to the Air Force," to commence the Air Force indoctrination course there.

Grady is a graduate of Bay High and attended Southeastern Louisiana College.

Jacques Leo Moran, son of Mr. and Mrs. Sylvester Moran of Kiln, has reported to Lackland Air Force Base.

Jack is a graduate of Kiln High School.

Lackland Air Force Base is near San Antonio, Texas, and is the world's largest Air Force Base and the center of Air Force basic training for Airmen and women. It is the indoctrination station for prior service enlistees and home of the Air Force's Officer Candidate School.

Both Grady and Jack will receive seven weeks of basic training which will prepare them for entrance into Air Force technical training and for assignment in specialized work. The course will include a scientific evaluation of his aptitude and inclination for following a particular vocation and career.

RED CROSS NOTES

The quarterly meeting of the Hancock County Chapter Executive Board, was held Tuesday, April 24, at the Courthouse; Dr. James A. Evans, chairman, presided.

Minutes were read and approved and the reports of the various committees were given. Discussions of the American Red Cross activities concluded the business on hand.

About 25 veterans of the Gulfport V. A. Hospital were guests of members of the St. Joseph Academy Parents Club. Tuesday, April 24, at the Bay St. Louis Youth Center.

Some of them watched the television, others enjoyed the many forms of amusement at the center, and a large group joined in community singing and dancing. Miss Anna Palmisano played the piano.

Refreshments of chocolate sundaes, coco cola, home-made cookies and candy were served. Mrs. Robert Camors, president, was assisted in entertaining by Mes.

Take to the Air Force!

Young men with an eye for the future take to the U. S. Air Force because it's the Service of the future. You choose top training for peace or war when you choose the Air Force... and you choose the pride that goes with being one of the best in a topflight outfit second to none in the world.

Take to the Air Force... for an interesting, rewarding, and exciting life. Choose the Air Force way by visiting your nearest U. S. Army and U. S. Air Force Recruiting Station, (Local Address).

GET ON TOP... STAY ON TOP... with the U. S. AIR FORCE

Veterans... of any Service can now enlist, is qualified with old grades or better, skip basic training, be assigned initially to a nearby Air Force Base. Non-veterans can now enlist, get ratings commensurate with technical skills, prior to basic training.

Urge Use Of Quality Materials For Bay St. Louis Housing Project

The long-range cost of the federal low-rent public housing program will be markedly reduced, if faulty materials are used throughout in construction. Roy M. Schweiker, chairman of the Tile Council of America, said in a report released today. An allocation of 36 dwelling units has just been made to Bay St. Louis under the program. These are to be constructed in the next two years.

"Maintenance and redecorating needs constitute a 'hidden cost' which should not be overlooked in planning Bay St. Louis' low-rent units," Schweiker declared. "Baths, for instance, need redecorating twice as often as other rooms in the average apartment. Use of a waterproof material such as clay tile for bathroom walls and floors will eliminate this overhead item permanently in public housing units, and thus help reduce their long-range cost."

Kitchens also require more frequent redecorating than other rooms, building experts have found. Installation of materials such as clay tile back of the range and over the sink prevents damage to those areas and so reduces decorating needs, Schweiker pointed out.

Large-scale builders have had a long record of experience with the use of quality materials and the savings to be made with them, Schweiker said. For instance, bathroom wainscots and floors were tiled throughout Stuyvesant Town, which houses some 25,000 people. This major development in New York City was completed since the war.

Mrs. George Heitzmann, who has been ill for more than a year, is now at the home of her daughter, Mrs. John Damborino, where she is said to be showing a little improvement.

James Horace Kergosion, Laurant Kergosion, Elizabeth Crasto Lyn Joyce, J. O. Normand, Neilus Rhodes, J. W. Dupiquier, Larry Larroux, McElroy, W. S. Wittelsberger, Waldo Otis, Kenneth Pepperdene, Octave Delph, and Mary Kennedy.

Each month a group of veterans are entertained by a local organization through the Hancock County Chapter of the American Red Cross Community Services. S. J. A. Parents Club is also affiliated with the National Catholic Community Services.

Specific Enlistees Training Changed

Sgt. B. B. Moore announced today that a change has been made in the training procedure for men enlisted for specific army schooling.

"A high school graduate enlisted for a specific school will take his basic training at that school, instead of the training division," Sgt. Moore said. "There is one exception," he stated. "Those men enlisted for courses conducted by the Medicine Field Service School will still undergo basic training division prior to reporting to the selected school."

"In order to qualify under this program that has created so much interest in the high school graduate group," Sgt. Moore went on to say, "A man must be a high school graduate or have the equivalent of a high school education, or be a prospective graduate of the 1951 graduating class in addition to meeting the requirements for an ordinary enlistment in the Regular Army."

Some of the schools for which a high school graduate may volunteer are the Air Compressor Operation school conducted at Fort Belvoir, Va.; the Automotive Body Repair School at Aberdeen Proving Grounds, Maryland; Electric and Acetylene Welding course at Aberdeen Proving Grounds; course in Electricity, Fort Belvoir, Va.; Hospital Technician Procedure, at Fort Sam Houston, Tex.; Map Reproduction at Fort Belvoir, Va.; Medical Technician Procedure at Fort Sam Houston, Tex.; Railway Bridge Construction and Repair, Fort Eustis, Va.; Typewriting and Army Administration (at the appropriate training division); Utility Repair at Fort Belvoir, Va.; and many others.

All young men who feel that they meet the requirements for this specialized training can get complete details at the Army and Air Force Recruiting Station at Courthouse, Bay St. Louis, on Friday.

**There's Plenty for You
and Industry, Too**

**Yes, in the Gulf South there's plenty of
NATURAL GAS FOR YOU and INDUSTRY, TOO**

In each of the past 21 years, much more gas was found than was used in all of the United States. For years now the amount of known gas reserves has climbed higher and higher. The consumption of gas is increasing, to be sure, but annual discoveries have met the current requirements and added trillions of cubic feet more to the known supply.

Nearly two-thirds of all the deposits of natural gas known to exist in the country are in gas fields in

Texas, Louisiana and Mississippi—and more than 200 of those fields are connected to the great integrated pipe line system of United Gas. Each year more fields are tied in to the United Gas system... to the end that we can assure our customers, now and in the future, there's plenty of gas for you and industry, too.

Industries seeking locations in the area served by United Gas can rely on an adequate supply of natural gas at fair and reasonable rates.

COOPER - HECHT

A wedding of interest was celebrated in Pass Christian Saturday evening, April 29th, when Miss Dorothy Watkins Hecht, daughter of Mr. and Mrs. R. S. Hecht, of Pass Christian and New Orleans, became the bride of Asshel Cooper, son of Mrs. A. W. Cooper, New Orleans, and the late Mr. Cooper.

Rev. Henry Bezou, of New Orleans, officiated at the ceremony, which was held at Middlegate, the Hecht's summer home on the Gulf Coast.

The wedding reception was held in the garden. A multitude of festive lanterns hung from the towering oaks, and a string quartet played music for dancing.

The young couple left in the evening for a honeymoon trip to Florida. Upon their return they plan to occupy Middlegate for a few weeks and then will take domicile at an apartment at 1727 Valence, New Orleans.

The bride's traveling suit was a beige linen worn with accessories in beige and white.

Mrs. Cooper is a graduate of Miss McGehee's and Newcomb College, and has traveled extensively abroad. She is a member of the New Orleans Junior League.

In 1950 she made an informal debut in New Orleans society. Mr. Cooper is a graduate of Tulane and a member of Beta Theta Pi Fraternity, having served in World War Two in the Signal Corps of the Army.

The public is invited to attend.

ICE VOGUES ARE NOW IN MOBILE

Mobile Ala.—On Wednesday, May 2, Mobile's Ladd Stadium became a huge ice skating rink for the presentation of "Ice Vogues of 1951," which will remain through Tuesday, May 8, with performances nightly at 8:15 excepting Sunday.

"Ice Vogues" is one of the nation's leading ice skating shows with a cast of 75 top-ranking skaters gathered from all over the United States and Canada and a lavish production with scenery, costumes and electrical effects costing approximately \$200,000. It is perhaps the most elaborate spectacle to visit the Mobile area in many seasons.

Vogues is produced and presented by the owners, of Holiday on Ice and is now in its fifth season. It appears annually in over 20 American cities and recently returned from an eight month tour of the European continent.

Four days are required in advance of the show to build the huge, 5,000 square feet of skating surface of real ice. The freezing operation is exactly the same as used in Madison Square Garden and other hockey arenas. It is not much different from that used in your home freezer or ice box.

Installation of the rink started on April 28 when the company's refrigeration experts arrive with their equipment consisting of six miles of pipe, a 95 horsepower compressor and other essentials.

The pipe was laid in a bed of sawdust spread evenly over roofing paper, which protects the grass in the area to be frozen. Then sand was poured to a depth of two or three inches to form the foundation for the actual skating surface. It will be dampened and frozen into a concrete-like mass, after which the surface was then gradually sprayed to build up ice approximately two inches thick.

Freezing is accomplished by cooling a calcium chloride brine to a temperature of 12 degrees above zero. Ammonia is the cooling agent. The brine is pumped from the compressor tank, through the pipes and returns to the compressor for further cooling. During the day a huge tent is placed over the ice to protect it from the sun or rain and high winds. The tent is removed at sundown and the compressors then freeze the surface solid in time for the performance.

Tickets for Ice Vogues are on sale now at the Junior Chamber of Commerce office, 105 St. Francis Street, Mobile, and may be ordered from P. O. Box 1229, Mobile. All orders should be accompanied by stamped, self-addressed envelopes. Prices for reserved seats are \$1.50, \$2.00 and \$2.50 and \$1.00 for general admission, all prices including tax.

Ladd Stadium's west stands only will be used for the ice show, with the stage and ice centered about the 50 yard line and facing into the West side seats. Stadium officials report heavy advance requests for tickets and those planning to attend should order their reserved seats as soon as possible. In addition to the reserved seat tickets, approximately 4,000 general admission tickets will be on sale nightly at the stadium throughout the run of the show.

—Curtis Favre, Misses Beverly and Udell Favre and Mrs. Dealous Watson attended the "Ice Vogues of 1951" in Mobile, Alabama, Wednesday night.

America's railroads run on wood. Wooden cross-ties support the rails that carry traffic on the world's greatest and most complex railroad system. If all the railroad cars loaded with forest products produced each year were hitched end to end, they would form a train long enough to circle the earth 10 times.

Plan Church Bazaar
